

PGY1 PHARMACY RESIDENCY

DHR Health and Texas A&M Irma Lerma Rangel College of Pharmacy
dhrhealth.com

ABOUT THE PROGRAM

DHR Health in cooperation with Texas A&M Irma Lerma Rangel College of Pharmacy offers a 12 month post graduate curriculum that provides training opportunities in acute care, ambulatory care, drug information, drug use policy development, clinical services, leadership, research and teaching. The residency is designed to offer an individualized training plan for each resident based on their interests, goals, and past experiences. Residents will be required to complete core rotations in order to build a strong knowledge base and have the opportunity to select elective rotations in different fields of interest. The program is designed to develop the following competencies:

- Patient Care
- Advancing Practice and Improving Patient Care
- Leadership and Management
- Teaching, Education, and Dissemination of Knowledge
