## Transplant Institute

### Kidney Transplant Center

#### TRANSPLANT PATIENTS:

#### ATTENTION

Please contact your transplant coordinator before starting any prescribed oral medications for COVID-19. This applies to medications prescribed while you are hospitalized or in an Emergency Room.

These medications may cause immunosuppression toxicity and may be harmful to your transplanted organ.

If you do not know your coordinator's phone number please contact DHR Transplant Institute at **956-362-LIFE (5433)**.

If you are interested in living kidney donation, please contact our team at DHR Health Transplant Institute. Our team is committed to helping you help others. You may reach our Living Donor Team at **956-362-LIFE (5433)** or via email at [TransplantReferral@dhr-rgv.com](mailto:TransplantReferral@dhr-rgv.com). We look forward to speaking with you.
